MONEY, STOCKS AND GRAIN

Bears Had Full Swing in Wall Street and Pounded Down the Share List.

National Cordage Took the Lead Among Industrials-At Indianapolis There Was a Better Demand for Corn and Oats.

THE BOND MARKET.

Pailway Issues Were Weak, with Sales Reaching \$1,044,000.

At New York, yesterday, money on call was irregular, ranging from 3 to 12 per cent., the last loan being made at 4, closing offered at 4.

trime mercantile paper, 64 @8 per cent. Sterling exchange was firm, with actual business in bankers' bills at \$4.854 for sixty days, and 34.88% for demand.

The total sules of stocks were 520,000 shares, including the following: Atchison, 14,100; Burlington & Quincy, 22,800; Chicago Gas. 21,600; Cotton Oil, 8,000; Delaware, Lackswana & Western, 9,000; Distillmg. 20,000; Erie, 7,100; General Electric, 15,-80.; Louisville & Nashville, 3,600; Manhattan, 3,200; Missouri Pacific, 26,200; National Lead, 9,200; National Cordage, 40,000; New England, 11,400; Northern Pacific preferred, 7,400; Northwest, 6,100; Ontario & Western, 4,400; Reading, 54,700; Richmond Terminal. 9,200; Rock Island, 10,600; St. Paul, 35,000; Sugar, 55,700; Toledo, Ann Arbor & North Michigan, 7,000; Western Union, 23,400.

The day was one of great depression and considerable excitement at the New York Stock Exchange yesterday. The bearish feeling was very pronounced at the start, and found expression in repeated raids on the leading shares as the morning wore along. The drop in prices, which was quite severe, especially in the industrial group, was due to various causes, promipent among them being the sudden and altogether unexpected announcement that the National Cordage directors had on Saturday decided upon an issue of \$2.500,-000 additional preferred stock. This stock will be offered to the shareholders at par, and whatever amount the latter refuse to take will be absorbed by a syndicate which has underwritten the whole issue at par. This did not prevent the common stock breaking 34 points, to 494, and the preferred from selling down 4%. 99%. The failure of the Bank of Australasia and the suspension of an important house in Liverpool were said to have unsettled the London market, and hence the posted rates of sterling exchange here were raised to \$4.86 and \$4.89 . At the same time the rates for money jumped from 6 to 10@12 per cent., all of which had a demoralizing effect on the traders whose accounts were thinly margined. Outside of the Cordage stocks, Sugar declined 3%, to 96%; Baltimore & Ohio, 3, to 88; Evansville & Terre Haute, 44, to 140; Illinois Central, 21s, to 197s; Erie preferred, 5, to 41: Pittsburg, Cincinnati, Chicago & St. Louis preferred, 4, to 524, and Richmond Terminal preferred, 3, to 254. After 1 o'clock money eased up, and the undertone of speculation improved. An advance of to 24 per cent, ensued under the leadership of the industrials and the excitement, which ran high when the depression was at its height, abated materially. The market

prices well maintained. The railway bond market was weak. The sales were \$1,044,000. Reading issues sold down to 1 per cent. Government bonds were steady. State bonds were dull. Closing quotations were:

LUCAL GRAIN AND PRODUCE. Continued Rains Unfavorably Affecting

Trade-Prices Ruling Steady. Three weeks of rainy weather begins to out down the volume of trade, Country roads are bad, farmers are blue and with this the country merchants are keeping close to the shore in making their purchases. Hog products are very firm at the quotations given and the same is true of poultry. eggs and butter. The new clip of wool is coming in slowly. Dry goods houses are feeling the untavorable conditions for trade more than grocers and boot and shoe houses. Lemons are scarce and firm, but oranges are in good supply and easy at agotations. Irish potatoes come in freely. prices being weak. Paints and oils are not selling as well as a mouth ago, owing to the unfavorable weather for painting. Prices of strawberries are governed by the quantity received from day to day.

The local grain market was in better tone yesterday and both oats and corn were in good demand at a shade better prices than Saturday. Track bids ruled as follows: Wheat-No. 2 red, 644c; No. 3 red, 62c;

Common Sense in Farming. Germantown Telegraph.

There is much talk these days about educating the farmer. The right kind of an education is highly beneficial, but the farmer wants common sense and eyes which will see. If he cannot learn by observation and experience then a collegiate education would be useless. If a young man wants to educate himself to be a farmer he must take off his nice clothes, and roll up his shirt sleeves, and go to work in earnest. He must learn by experience, from books and papers, observe what his neighbors are doing; how they manage their farms to make money. He must learn what crop is best adapted to produce the most profitable crops on his farm. This decided, he must use his best efforts in the right direction to develop this crop to its fullest extent, and if successful he is on the way to greater success. Forty-five years ago a young farmer, in looking over his farm in order to decide what would be the best crop to rely on for profit, concluded to set an apple orchard. With this object in view he went to work. He raised trees from the seed, budded or grafted them, and then they were get out on the farm. The natural trees be renovated and grafted. The result was just as he expected. He now has an orchard which gives more profit for the labor bestowed than any other crop on the farm, and will without doubt for years to come.

AFFAIRS OF THE RAILWAYS. Crawford's Fond Given a Black Eye by

Delaware County Voters. The returns complete from Saturday's special election in Delaware county, at which "yes" or "no" was voted for a subnidy to be given by the several townships to the proposed Chicago, Indiana & Eastern and the Chicago & Southeastern roads, for both roads, but livery Crawford's road, the C. & S. E., received a black eye from each of the other townships, as did the proposed show line across the northern part of Delaware county, from Alexandria to Redkey. This es to be a branch of the Panhandle, connecting with main lines of the road at Frank in and Redkey.
The C., I. & E. road received a majority in the the two townships where saked. The proposition of the C. & S. E. was to extend

It is the opinion of an expert bread maker that more bread falls short of what it should be through insufficient baking than through ignorant making. As a remedy for the poorly baked, doughy bread which is very difficult to digest, it is prosmaller loaves, not larger than the pound loaves of the baker. The starcu in the wheat could then be thoroughly cooked in every lost.
